Getting Here

Milford's location, just an hour north of New York City, makes it easily accessible by highway or rail, and even by ferry from Long Island to Bridgeport with rail connections to downtown. Two major highway systems, I-95 and the Merritt/Wilbur Cross Parkway (Route 15) serve Milford, as does the Boston Post Road (Route 1). Milford's downtown railroad station is a stop for MetroNorth. Bradley International Airport in Windsor Locks, and JFK and LaGuardia airports in New York, are all less than an hour and a half away. Regional air service is available at Tweed-New Haven and Sikorsky Memorial Airports. For more information, visit the Chamber's website at www.milfordct.com
