MILFORD on the Move

September, 2004

Membership Drive Kicks Off

"Plans for Membership Initiative 2004 are set and scheduled to kickoff at a reception on September 21 at Stonebridge Restaurant," according to membership chairman David Slossberg of Hurwitz, Sagarin & Slossberg. While new members are cultivated throughout the year, the annual membership campaign is traditionally the time when recruitment efforts are intensified. The month-long campaign will culminate in a victory party on October 28 at Business After Hours hosted by People's Bank.

There are many compelling reasons for local companies to join the Milford Chamber of Commerce - educational and informational discussion groups, increased credibility, legislative advocacy, and community involvement. But as many of our members would point out, the greatest advantage of membership is the opportunity for networking. Increasing our ranks, maximizes this benefit for all. "We are very excited about the membership drive. New members are the lifeblood of the Chamber. With this process we are not only expecting to attract a significant number of new members, but to retain them for years to come. With everyone's help and participation, we're sure to make this campaign a great success," said Slossberg. For this year's drive we hope to increase our membership by 100 - a goal that is well within reach if existing members

During the campaign period, a variety of incentives are also being offered to prospective members. In addition to an online directory listing, memberships paid in full by October 25 will have their company name displayed on the Chamber website's welcome page. New members will be recognized in the November issue of "Milford on the Move" a publication with a circulation of 1,000. A reception, sponsored by Avalon Bay, is scheduled for November 5, at which new members will be welcomed into the Milford Chamber of Commerce. Our members have already made an investment in their business and the community by joining the Milford Chamber of Commerce. Active participation in the membership drive, will increase the value of that investment considerably. Working together, we can make our Chamber stronger.
